# GREY COVERAGE HANDS-ON

Grey is an illusion – what color is it? Boomers to Gen-X, no one escapes! Creative techniques, precise formulation & convincing dialogue for every client. Gentle persuasion to complete coverage.

All grey hair is not alike. You must understand how to formulate for amount of pigment left in the hair, texture & density. What are you really seeing when you see grey, is it really grey? The number one reason people begin to color their hair is to eliminate grey. After taking this class, you will be able to achieve this on the first try & gain the confidence of the client.
